DESCRIPTION

The Modern at Embassy Gardens is the final residential opportunity at Embassy Gardens. A series of bold contemporary apartments in a building by British architect HAL Architects designed to maximise light, views and height in every room.

The Two Bedroom Apartments are ideal for a life that spreads out across multiple cities. Space for a home office, a nursery or for weekend-friends who are flying in. With apartment interiors designed by the London-based and internationally influential duo Benningen Lloyd, every apartment has a spacious private balcony and contemporary kitchens designed to be as beautiful as they are functional. Using bold colours and crafted materials in combinations that you won't see anywhere else. With bathrooms to lose yourself in – with rare marble, crafted tiles, mood lighting, luxurious mirrors and designer fixtures from Ma by Starck and others.

Apartments also include high-speed internet, USB ports, and an integrated dining table that doubles as a well-proportioned desk for home-working or homework.
